

This document contains:

- The Event Covid-19 risk assessment and risk mitigation plan in accordance with the <u>FEI Policy for Enhanced Competition Safety during the Covid-19</u> <u>Pandemic</u>
- The Event Approved Schedule

Given the current covid-19 situation, please note that the FEI's approval of a Schedule should not be taken as an absolute guarantee that the Event will definitely go ahead. The decision whether the Event can take place must be made by the OC and NF in close consultation with the applicable domestic government and public health authorities. It is the responsibility of each Participant to check the status of the Event prior to planning his/her travel to the Event.

Risk assessment for COVID-19

The questions below will enable OCs to review the additional considerations specific to sports, and thus inform their risk assessment of COVID-19 associated with their Event. This will help OCs understand and manage any additional risk from COVID-19.

The risk assessment should be reviewed and reassessed regularly during the planning phase and updated immediately prior to the transition to the operational phase, especially in light of the rapidly evolving nature of the outbreak. Reference should be made to the latest technical guidance and situation reports on the WHO website.

The risk assessment for COVID-19 associated with the Event must be coordinated and integrated with the host country's national risk assessment for COVID-19. The person completing the questionnaire should include input from the local public health authorities, consult WHO's latest technical guidance and ensure that there is an up-to-date evaluation of the epidemiological situation.

Please answer Yes (1) or No (0) to the following questions to determine a risk assessment score that incorporates factors specific to sporting events

Will the event include international participants (athletes and spectators) from countries that have documented active local transmission of COVID-19 (community spread)? Will the event include a significant number of participants (athletes or spectators) at higher risk of severe COVID-19 disease (e.g., people over 65 years of age or people with underlying health conditions)?	0	0
Will the event include sports that are considered at higher risk of spread for COVID- 19 (eg, contact sports)?	0	0
Will the event be held indoors? (Yes = 1; No = 0)	0	0

Mitigation checklist for COVID-19

Mitigation measures assess the current effort and planning to reduce the risk of spread of COVID-19 disease for the event. As mitigation measures can reduce the overall risk of the sporting event contributing to the spread of COVID-19, they should be taken into account after the risk assessment has occurred to gain a clearer understanding of the overall risk of transmission and further spread of COVID-19, should the event be held. Together with the risk assessment score, the mitigation measure will contribute to the decision matrix and influence the assessment of the overall risk of transmission and further spread of COVID-19 in relation to the event.

PROTOCOL for the AUTUMN TOUR at DEHESA MONTENMEDIO 2020

CSI3*/CSIYH* 30th September - 11th of October

The following protocols and procedures will be established ensuring that the Sunshine Tour S.L. safely hosts this competition here at Montenmedio. Horse numbers have been limited. Thanks to the large size of our facilities and the experience of our showground teams, adequate safety measures are in place that minimise risks associated with COVID-19 transmission and that follow the guidelines set up by the Higher Sports Council and the Spanish Royal Federation Spanish of Horse Riding.

1.GENERAL:

- Competition will take place <u>without the presence of the general public and 'behind</u> <u>closed doors'. In order to gain access the installations accreditation will be required.</u>
- The number of people allowed to access the competition is restricted to the minimum necessary for the event to run properly, that it will be 3 people per rider (1 groom, 1 partner & 1 horse owner).
- On arrival at the showground your temperature will be taken. Should it exceed 37.5 degrees centigrade you will be asked to put on a mask and directly leave the premises, placing yourself in immediate contact with the relevant health services.
- All persons on the venue must wear a mask that covers both your nose and mouth (surgical masks will be on sale at the Show Office), except:
 - o When mounted on a horse.
- There will be regular disinfection of all communal areas during the day (bathrooms, stable areas, showers etc).

- Hydro-alcoholic gels will be available throughout the premises and you will be expected to use these regularly to sanitize your hands when you access any area, such as the stables, the horse showering stations, the bathrooms and showers, restaurants, the Show Office, judges boxes and the warm up areas. There will be regular ventilation of closed spaces including the warehouses, restaurants, offices, bathrooms, showers and judges boxes etc.
- In the case that you experience any symptoms related to Covid-19 you must cancel your entries and may not attend / must leave the showground.

2. ON ARRIVAL AT THE SHOWGROUND:

- On your arrival the horses will be placed in their assigned stables by our Stable Manager.
- Passports and travel permits will be passed to the Stable Manager.
- Once documents have been passed to the Show Office you will be provided with a file containing your competition numbers, accreditation for any members of your team and a written Protocol that must be followed during your stay with us. Please ensure that you read the Protocol carefully.

- Please make sure that you wear a mask on any visit to the Show Office.

- In the Show office there will be surgical grade masks on sale.
- There will be a limit to three people in the Show Office at any one time. Each secretary will attend only one person at a time, on this front we strongly recommend that you do not come to the office in groups, but send a delegated person.
- We stress that you only come to the Show Office when it is absolutely essential and that you use the online App to do most of your general planning and contact with showground staff (see point 4).
- Riders will find their entries and all other details are on the online App in a digital format. In the case that it is not feasible for a rider to use this application please

get in contact with us so that we may provide the rider , on arrival at the showground, with an accreditation wristband.

Numbers must be returned to the office at the end of the competition.On return
of your numbers you will be able to pick your horse's passport. If you lose your
number or fail to return it, the charge will be 6€/number. Of course you may use
your own numbers once you know which you have been allocated. (Your number
will remain the same for the three weeks of the completion.)

3. STABLE AREA:

- The allocation of stables has meant that empty stables will be left between groups of riders. These are not to be used.
- We recommend that everyone takes the utmost care to sanitize their own allocated areas.
- Hydrogels will be available both at the entrances to the stable areas and at the horse shower areas.
- The horse showers will be regularly sanitized by our staff. The use of the hydrogel before using these facilities is obligatory.

4. SECRETARY:

We recommend using the **"Sunshine Tour Mobile"** App (available for IOS & Android) for all your orders and planning at the competition:

- \circ Entries.
- \circ Results.
- Videos: using the App you can access and download all your videos for FREE.
- The App will send you **notifications** of any program or timetable changes and it will provide you with all the information you need about the Show (amoungst other things

it contains a short program, plan of the installations and personalised competition times etc.)

- Orders for forage etc can be made by merely entering your stable number and stable Zone (A or B). You may also accredit your groom to make orders on your behalf.
- Live Streaming. (also available on our website at www.sunshinetour.net).
- Accounts. Your account will be forwarded to you by e-mail and should be paid by a bank transfer. Once payment is confirmed the Show Office will send you an appointment so you may pass by and collect your documents, return your number etc.
- Following the BOE guidelines contactless payments should be made.

We must stress that you may only come to the Show Office if absolutely essential and unavoidable and that you must use the App for activities and requests.

You can contact the show / accounting office as follows:

- Show Office: +34 956 447 125 (Ext.1) / +34 649 293 273 (WhatsApp) sunshinetour@sunshinetour.net
- Accounting Office: +34 956 447 125 (Ext.2) / +34 673 35 26 01 (WhatsApp) - <u>contabilidad@sunshinetour.net</u>

5. WARM UP ARENAS (NUMBERS 6 y 7):

- Each competition arena will have a specific warm up arena.
- Access to the arenas will be controlled at all times, only 25 horses that are entered in the current /relevant class will be allowed entry.
- Arena **10** is allocated for free access for training.
- Arena **2** is reserved for lunging only.
- Only **ONE** person per rider may enter the warm up arenas.

• The OC are in charge of setting up and disinfecting the warm up fences, replacing fallen poles and also of raking etc.

In order to minimise contact **there will not be any prize giving ceremonies.** This follows the guidelines from the Health Ministry. However the top three placed in each class may collect their trophies and / or rosettes from the Show Office. This would be best done at the end of the show if at all possible.

III. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

- 1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
- 2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
- 3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
- 4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
- 5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

4. The Participants, for themselves and on behalf of their heirs, assigns, personal representatives and next of kin, HEREBY RELEASE AND HOLD HARMLESS THE OC AND THE FEI, their officers, officials, agents, and/or employees, other participants, sponsoring agencies, sponsors, advertisers, and if applicable, owners and lessors of premises used to conduct the event ("RELEASEES"), WITH RESPECT TO ANY AND ALL ILLNESS, DISABILITY, DEATH, or loss or damage to person or property, WHETHER ARISING FROM THE NEGLIGENCE OF RELEASEES OR OTHERWISE, to the fullest extent permitted by law.

The Participants confirm to have read this release of liability and assumption of risk agreement, fully understand its terms, understand that they have given up substantial rights.

2. INSURANCES AND NATIONAL REQUIREMENTS

Equestrian sports involve inherent dangerous risks. To the greatest extent permitted by law, the FEI and the FEI Event Organiser shall NOT be liable for any damages relating to loss of property or injury of any kind to Athletes, Owners, Support Personnel or Horses at or in connection with an FEI Event and the FEI expressly excludes all such liability.

2.1. ATHLETES, OWNERS AND SUPPORT PERSONNEL

2.1.1. Personal Accident and Health Insurance

It is your responsibility as an Athlete/Owner/ Support Personnel to ensure that you have adequate personal accident insurance in place to cover your participation at FEI Events and in particular to insure against any personal injury or medical expenses arising from an accident, injury or illness which may occur at a FEI Event.

You should check with your National Federation to confirm if your National Federation's insurance policy (if any) covers personal accidents and/or illnesses which may occur when you are attending/participating in FEI Events.

If your National Federation does not have a personal accident/health insurance policy or if the National Federation's insurance policy does not cover personal accident or health claims, then you should obtain your own personal accident and health insurance policy to cover your attendance/participation at FEI Events.

2.1.2. Personal Property Insurance

You should also ensure that you are insured against property loss, theft or damage which may occur at an FEI Event.

Again, the advice is to check with your National Federation to confirm if they have an insurance policy in place which would cover you in case of such property loss, theft or damage. If not, then you should obtain your own personal property insurance to cover such situations.

2.1.3. Press Equipment

Press equipment and other items left in the Press workroom, Press lockers, the Press Tribune or anywhere on the showgrounds are left entirely at the owner's risk. The Organising Committee does not accept any responsibility for any loss or damage to such equipment or items. Members of the Press are advised not to leave any equipment or personal items

unattended.

2.2. ATHLETES AND OWNERS

2.2.1. Third Party Liability Insurance

As an Athlete/Owner you are personally responsible for damages to third parties caused by you, your employees, Support Personnel, your agents or your Horses. You are, therefore, strongly advised to take out third-party liability insurance providing full coverage in relation to FEI Events at home and abroad, and to keep the policy up to date.

The FEI and the Organiser will NOT be responsible for any damage caused to third parties by you, your employees, Support Personnel, your agents or your Horses.

2.2.2. Additional Liability Information

Space for organiser to include reference to National Laws when necessary

2.2.3. Horse Insurance

As an Owner you should ensure that your Horses are adequately insured against any injuries or illnesses they may sustain while participating at a FEI Event.

Space for organiser to include reference to National Laws when necessary

3. PROTESTS/APPEALS

To be valid, all Protests and Appeals must be made in writing and accompanied by a deposit of CHF 150.- or equivalent. Protest and appeal forms are available on the FEI website: Protests: http://inside.fei.org/sites/default/files/FEI%20Protest%20Form.pdf

Appeals: <u>http://inside.fei.org/sites/default/files/FEI%20Appeal%20Form.pdf</u>

4. SCHOOLING DURING COMPETITIONS

Athletes wishing to school during speed competitions (Table A and Table C) must inform the OC before these competitions begin. These athletes will start first in these competitions.

5. STEWARDING

- If an athlete is uncertain as to whether the boots he/she intends to use during an event are allowed, he/she or his/her representative should show the boots to the Chief Steward for his/her opinion before the boots are used in training or in competition.
- In addition, athletes are to be made aware that hind boots must be removed and placed again on the horse's legs in the presence of a Steward while in the warm-up arena prior to entering the competition arena for certain competitions. (If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.) This procedure is compulsory for competitions for which boot and bandage control is Page 45 of 53

mandatory, that is the Nations Cup, Grand Prix, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.

- As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask his/her groom to take the boots to the in-gate and place them on the horse's legs in front of the Steward prior to the combination entering the arena.
- The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. [Stewards are to note that it is normal for a horse's gait to be somewhat affected immediately after boots have been removed and re-placed.] If an athlete or his/her groom refuses to remove and re-place the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.
- If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by the athlete/groom following the athlete's round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.
- This procedure does not replace boot and bandage control after completion of an athlete's round for competitions for which boot and bandage control is mandatory (refer to JRs Art. 244.1).

6. DISPUTES

In the event of any discussion concerning the interpretation of the schedule (in translated languages), the English version will be decisive.

7. MODIFICATION TO SCHEDULE

In exceptional circumstances, together with the approval of Chefs d'Equipe, host NF delegate, if any, and the Ground Jury, the Organiser may change the schedule in order to clarify any matter arising from an omission or due to unforeseen circumstances. Any such changes must be notified to all athletes and officials as soon as possible and they must be reported to the FEI Secretary General by the Technical Delegate, the President of the Ground Jury or the Foreign Judge, as applicable.

In case of a tie for the 12th place in a competition with 12 to 48 starters, the prize money foreseen for the 12th place will be divided equally among the athletes concerned.

For Competitions run in two rounds with more than 12 starters in 2nd round:

OCs that indicate in the schedule that a specific number (that is more than 12) of athletes will return for the second round will be permitted to distribute the prize money for that competition among all the athletes taking part in the second round, even if the second round is followed by a jump-off in case of a tie on penalties for first place after the second round.

DEDUCTIONS FROM PRIZE MONEY AT COMPETITIONS:

Full details of any deductions from prize money must be outlined in the schedule. This includes government taxes. If it is necessary for Organisers to deduct such taxes, they <u>must</u> provide participants with an official form indicating the amount of tax deducted.

The tax form must be provided to the athletes upon arrival and returned to the Organiser prior to departing.

According to the Spanish Law concerning Physical Person Return Tax (I.R.P.F), the OC must deduct the rate fixed by the above-mentioned law over all the sums paid to the competitors. This rate differs according to the athletes nationality. It depends on the international agreements established by Spain with the different European countries. Currently, the tax rate (I.R.P.F) for Foreing Competitors is 24%.

All riders may ask for further information to:

MINISTERIO DE ECONOMIA Y HACIENDA Delegación de Hacienda de Madrid c/ Guzman El Bueno, 73 28015 MADRID (ESPAÑA)

Prize money is including 21% VAT.

IMPORTANT

<u>The total amount of prize money shown for each Competition in the schedule must</u> <u>be distributed</u>. (FEI General Regulations articles 127 and 128)

For details of the prize money breakdown for each competition please refer to the tables at the end of this document; the Organiser must specify which of the two (2) tables will be used. The total prize money for the Competition must be distributed among the first twelve (12) placed athletes.

The Organiser must provide additional created prizes for athletes placed beyond twelfth (12th) place. The minimum amount for each of these additional prizes, for athletes placed from thirteenth (13th) to last place, must be clearly specified in the approved schedule and not exceed the prize money of the athlete placed twelfth (12th)

10. MAXIMUM NUMBER OF STARTERS PER COMPETITION

*Annex VI FEI Jumping Rules:

Maximum 100 starters per Competition other than the GP. If more than 100 starters are declared, the OC must provide the following percentages of additional prize money for every ten declared starters, up to 120 declared starters:

- 101 to 110 declared starters: the OC must provide 133% of the original Competition prize money, which is to be distributed among the 16 best placed athletes in the Competition according to the prize money distribution chart I or II. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.
- 111 to 120 declared starters: the OC must provide 166% of the original Competition prize money, which is to be distributed among the 20 best placed athletes in the Competition

according to the prize money distribution chart I or II. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.

If more than 120 starters are declared, the OC must split the Competition into two groups and provide 200% of the original Competition prize money which is to be divided equally between the two groups. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.

OCs may apply either of the following methods for splitting the Competition:

The competition is split into two groups before it starts. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group. If it is not possible to have two groups of equal size there may be a different number of starters in each group;

OR

The competition is run as one single competition and split afterward into two groups and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. *NB: In this case separate results must be sent to the FEI for each of the two groups, e.g. results for Competition 1a and for Competition 1b.*

In both cases above each group must offer the same amount of prize money. For the avoidance of doubt, it is the number of declared starters in the Competition, not the final number of starters, that determines whether the Competition must be split.

If there are more than 200 declared starters, the OC must split the Competition into three groups and provide the same percentages of additional prize money as indicated above (100% of original Competition prize money to be provided for each of the three groups if each group has 100 or fewer starters; 133% of original prize money to be provided for each group if any of the three groups has 101-110 starters; 166% of original prize money to be provided for each if any of the three three groups has 111-120 starters).

³ For CSI-W Events with a Grand Prix Competition in addition to the FEI World Cup[™] competitions, the minimum prize money requirements indicated above for the Grand Prix apply only to the FEI World Cup[™] Competition as it has the status of a Grand Prix; the Grand Prix Competition at such Events cannot offer more prize money than the prize money offered for the FEI World Cup[™] Competition. Refer to the FEI Jumping World Cup[™] rules for details relating to date of implementation of this rule at CSI-W Events.
